Through great action orientation and drive for results, Anne has successfully led the implementation of our new customer service level management process in just 6 months. Next to her strong supply chain expertise and planning skills, Anne has also demonstrated great peer relationships skills which enabled her to add great value to our team but also to create the right connections through our entire business to execute with high stakeholder engagement. Thanks for your great contribution and support over the last 6 months Anne.

### **Judith van den Born**

Demand Planning manager bij Mars

Anne has worked for Mars ITR in the role of Product supply coordinator and Demand planner. In both roles Anne has been a great contribution to the demand planning team and the broader organization. Her experience, knowledge and hands-on approach enabled her to get up to speed quickly. Anne has delivered consistent results in both roles and showed a lot of flexibility. In addition, Anne has great stakeholder management skills and is a true team player as she is very open, friendly and has a very positive attitude.

Anne has worked 12 months for Mars - 6 months in the role as copack activity & quality coordinator and 6 months as demand planner. Through her experience, she has made a big contribution both functionally and within the team. With her we have been able to make a transition with the team towards even better processes and having the right conversations. Next to this, Anne is a very enthusiastic and communicative person who fitted very well into the team.

## **Richard Murphy**

Head of Supply Chain Innovation at Logitech

Anne joined our Demand Planning team in Mar '17 for six months. She quickly gained the confidence of our sales teams and integrated excellently with the wider Supply Chain organisation. She has a great combination of hard and soft skills, a comprehensive understanding of end to end Supply Chain, and an ability influence at multiple levels. I would happily welcome her back should an opportunity arise.

A dedicated, involved and loyal person. That is Anne in both business and the real world ! Having been Anne's manager for over 4 years at Bavaria it was a pleasure to see how she managed to grow in her Demand role despite the daily business turmoil. Above all, I was impressed with Anne's ability to stay both focused and customer minded in these challenging circumstances. Besides, Anne is a very likeable person with a sparkling personality and will fit into any team easily. If you are in need of somebody to simply get the job done or to spice things up then Anne comes with my heartfelt recommendation !

## **Marc Kerkhoff**

Experienced S&OP , SCP consultant and Project Manager

I had the pleasure to work with Anne on a number of demand planning process improvement projects. She has an excellent understanding of forecasting demand in the volatile and challenging retail environments. As a demand planner Anne's one of her main goals is always to achieve high Customer Service Levels. Her openness and ability to easily collaborate with different stakeholders allowed her to succeed in achieving that goal.

Anne werkte met een groot portfolio op professionele wijze in het Bavaria Supply Chain Team. Weet prioriteiten en urgenties goed te herkennen, en was de perfecte schakel tussen Sales en Supply! Bovendien een zeer positieve bijdrage in de Team spirit @ Bavaria!
